Annuities are long-term insurance contracts. Annuities may be subject to possible loss of principal and earnings, since a surrender charge and market value adjustment may apply to early withdrawals or upon surrender of the contract. Annuities held within qualified plans do not provide any additional tax benefit. All or a portion of amounts withdrawn are subject to ordinary income tax, and if taken prior to age 59½, a 10% IRS penalty may also apply.

Product features, options and availability may vary by state. Guarantees are based on the claims-paying ability of the issuing company.
