What is a fixed index annuity?

A fixed index annuity (FIA) is an insurance product that is designed to help you meet your long-term retirement needs. An FIA may help you:

- **Grow your money**—earn interest based on the performance of the indexed-linked crediting options or fixed account.
- **Protect your money**—lock in gains each year to protect your account value from market drops.
- **Convert your savings into retirement income, including income for life.**

Additional no-cost benefits

Nursing home & terminal illness waivers⁵

- After a period of one year, you may withdraw money from your annuity without a surrender charge to pay for an eligible nursing home or hospice care
- Contract must be purchased prior to owner's attained age of 76 for the nursing home waiver

¹ Subsequent payments not permitted after any owner/annuitant has attained age 85.

² Withdrawals are taxed as ordinary income and, if taken prior to age 59½, there may be a 10% federal tax penalty. Withdrawals will reduce any protection benefits and may result in a surrender charge or a market value adjustment (MVA).

³ With a non-rolling surrender charge, all payments are free from surrender charges at the end of the surrender charge schedule. Below are the State-specific and the California-only surrender schedules. **The state-specific surrender schedule is for use in the following states: AK, CT, DE, FL, IA, ID, IN, MA, MN, MO, NJ, OH, OR, PA, SC, TX, UT, WA.**
